Dear Friends

On behalf of all of us here at Wycombe Women's Aid, a very heartfelt thank you for the absolutely lovely Harvest Festival produce that you very kindly delivered to us last week. Everything is superb, and are the sorts of items that families actually want to receive. We do appreciate your generosity and we are extremely grateful for the support from the Holy Trinity congregation. Please be assured that your kindness is directly benefitting the women and children that we work with.

It's certainly been an interesting few months; there were no families coming to the office to help us sort everything out as is usually the case! We're very much looking forward to being a bit more 'back to normal', whenever that may be, but we've certainly been very grateful for all of the technology that has helped us to continue providing our services remotely to women and children in need.

We hope you are all keeping safe and well and thank you very much again for your Harvest donation.

With best wishes

Sophie
